

**Year 6:
Autumn Two**

Mrs Flynn

Mrs Gilchrist

Mrs Moat

Mrs Surtees

PE

6F: Monday

6M: Friday

Full kit required, please!

This term our curriculum is:

In English we will be:

Studying the author Anthony Horowitz with an emphasis on mystery narrative, and writing a journalistic report on the events of 'Home Alone'.

We will continue to work on grammar, punctuation and spelling.

Children should continue to read every night.

PE: We will be focusing on our dance skills

PSHE: Our topic is Relationships: Valuing difference & Feelings and Emotions.

RE: We will be learning how Christians perceive the birth of Jesus.

French: We will be working on My Home and My Community.

Computing: We will be continuing our work on Digital Safety, exploring the basics of spreadsheets and working with BBC MicroBits

Music: We will be studying film music, as well as rehearsing our musical performances for Christmas!

Our Topic this half term is:

Electrical Circuits

Through a range of cross curricular activities incorporating **Science** and **DT** we will be constructing a 'house', including a working light and alarm circuit.

Please bring in a shoe box ASAP!

In Maths the children will be extending their knowledge of...

- Measures: time, area and perimeter, volume
 - Fractions: adding, subtracting, multiplying and dividing fractions, working with decimals and exploring fractions, decimals and percentage equivalents
- We will continue to work on our mental strategies and arithmetic skills.

In Science we will be learning about 'Electricity'.

We will:

- Revise electrical safety.
- Look at how the voltage in a cell affects the brightness of a bulb or loudness of a buzzer.
- Use electrical symbols to represent a circuit.
- Compare how the function of the components in a circuit can vary.

HOMEWORK.

Please practise your times tables and read as much as you can! As usual, homework is on Seesaw and will be posted on a Friday to be done by the following Wednesday.
